

TIME'S UP! Kids

DEMO!

Learn how to play Time's Up! Kids with this quick demo! All you have to do is print, cut out, and shuffle the cards below!

This Kids version is made specifically for children who don't know how to read yet! Let them discover as young as 4 all of the fun of playing Time's Up!

Object of the game:

In Time's Up! Kids, you must describe and mime images to all win the game together!

This game is normally played with a timer found in the box. For this demo version, you can use any three-minute timer. You can, for example, set a timer for 3 minutes on your phone.

Round 1: Describe!

Take all 6 cards, shuffle them and put them within reach of all, face-down.

Start the timer:

You have 3 minutes to win the game!

A first player (the oldest) takes the first card from the deck and tries to get all of the other players to guess the image they're looking at without naming it.

As soon as the answer is found, the card is placed face-up in the middle of the table and the player to their left tries to get the other players guess the next card.

End of the round:

When all of the cards from round 1 have been guessed, pause the timer. Reshuffle the cards and get ready for round 2!

Round 2: Mime!

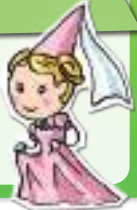

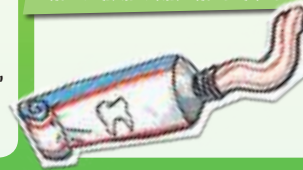

The rules are the same as in round 1, except that the player who makes the others guess can now only mime and make sounds. They cannot use words!

Victory and end of the game:

If you finish both rounds and all of the cards are guessed before the timer goes off, everyone wins the game!

Otherwise, everyone loses the game. Don't worry, you'll do better next time!

Note: If you're unable to get the other players to guess a card, don't worry about it, put it on the bottom of the deck and take the next one.

Times's Up! Kids

VERSION ENFANTS

4+ 2-12 20

The complete game contains 220 cards, a 10-minute sand timer, a carrying bag, and a ruleset that allows you to adapt the game for children aged 4.
